Rights of the Library

This RFQ is not a commitment or contract of any kind.

- The Library reserves the right to select the firm which, in the Library's opinion, will provide the most responsive and responsible services.
- The Library is not bound to award the contracts based solely on the lowest quote submitted.
- The Library reserves the sole right to evaluate the contents of proposals submitted in response to this project and to select successful vendors, if any.
- The Library reserves the right to waive any requirements of this proposal process and/or otherwise modify this RFQ when it determines that such modification is in the best interest of the Library.
- The Library reserves the right to cancel the RFQ and reject any and all quotations in whole or in part when it is in the best interest of the Library.
- The Library reserves the right to enter into agreements with multiple vendors/proposers for different portions of work as outlined in the Scope of Services.
- Library is not obligated to award a contract for the entire scope to any single vendor/proposer.

- Costs for developing the proposals are entirely the responsibility of the proposers and shall not be reimbursed.

Contract Duration

The Library intends to enter into a contract with an estimated effective period of July 1, 2022 through June 30, 2025. The vendor will give San Mateo County Libraries the option for one (1) two-year renewal under the same terms and conditions. The form of contract the prevailing proposer must be willing to execute is attached hereto as Attachment A.

Communications Regarding the RFQ

Upon release of this RFQ, all communications concerning this procurement must be directed to Sandy Wee, Library Services Manager. Unauthorized contact regarding the RFQ with other Library employees may result in disqualification.

Any written questions should be submitted by email to wee@smcl.org by the deadline specified in the RFQ Schedule of Events. The Library shall respond in writing to written communications and reserves the right, at its sole discretion, to determine appropriate and adequate responses to written comments, questions, and requests for clarification. Responses will be posted on the Library's website (smcl.org) by April 25, 2022.

Proposal Submission & Public Record Act

The criteria for evaluation of proposals are described in this RFQ. The proposal submitted by the vendor will be used to determine the applicant's capability of rendering the services to be provided. A determining factor for selection will be the applicants' ability to fully comply with all the instructions provided in this document.

Government Code Sections 6550 *et seq.*, the California Public Record Act, defines a public record as any writing containing information relating to the conduct of the public business. The Public Record Act provides that public records shall be disclosed upon written request and that any citizen has a right to inspect any public record unless the document is exempted from disclosure.

Be advised that any contract that eventually arises from this RFQ is a public record in its entirety. Also, all information submitted in response to this RFQ is itself a public record without exception. Submission of any materials in response to this RFQ constitutes a waiver by the submitting party of any claim that the information is protected from disclosure. By submitting materials, (1) you are consenting to release of such materials by the Library JPA if requested under the Public Records Act without further notice to you

and, (2) you agree to indemnify and hold harmless the Library JPA for release of such information.

If the Library JPA receives a request for any portion of a document submitted in response to this RFQ, the Library JPA will not assert any privileges that may exist on behalf of the person or entity submitting the proposal, and the Library reserves the right to disclose the requested materials without notice to the party who originally submitted the requested material. To the extent consistent with the Public Records Act and applicable case law interpreting those provisions, the Library JPA and/or its officers, agents, and employees retain discretion to release or withhold any information submitted in response to this RFQ.

Submission of a proposal constitutes a complete waiver of any claims whatsoever against the Library JPA and/or its officers, agents, or employees that the Library JPA has violated a proposer's right to privacy, disclosed trade secrets, or caused any damage by allowing the proposal to be inspected.

Instructions for Submitting Proposals

The Library discourages lengthy and costly proposals. Proposals should be prepared simply and economically and provide a straightforward, concise description of the vendor's capabilities to satisfy the requirements of this RFQ. Emphasis should be on completeness and clarity of content.

All proposals should be typewritten; have consecutively numbered pages; including any exhibits, charts, or other attachments; and be delivered electronically as PDF files.

Please include the following information:

- **Scope of Services/Service Description:** Describe the overall services you intend to provide.
- **Organizational Background:** Describe the organization's history, mission, programs, and services it provides; administrative structure; and experience in providing similar services.
- **Completion and Submission of Provisions A, B, C, D:** Included in this RFQ.
- **Start-up Requirements:** Describe start-up requirements and the lead-time necessary to begin providing services.
- **Contact Information:** Include principal contacts, main and local business addresses, voice and fax phone numbers, and email address.
- **References:** Include two references recently familiar with the quality and reliability of your work.

Proposal must be received by the final filing date and may be rejected after 5 p.m. on **May 6, 2022**.

Submissions for the RFQ should be sent by email to the RFQ Coordinator, Library Services Manager, Sandy Wee (wee@smcl.org).

Evaluation Criteria

The evaluation of responses received will include a review for conformance to stated specifications. Only those proposals that meet or exceed the intent of the RFQ will be further evaluated. The evaluation process is designed to award the procurement not necessarily to the vendor of least cost, but rather to the vendor with the best combination of attributes based upon the evaluation criteria. Therefore, proposals are evaluated against the evaluation criteria in this RFQ and not against other proposals.

The criteria for choosing the vendor will include the following:

- Experience of the vendor to complete the work, including description of experience with similar services.
- The quality and breadth of the proposal.
- Reference checking.
- Proposed cost to provide the work/service.
- Proposer's willingness to accept the terms of our standard form of agreement, which will be used as the basis for the resulting contract.

Notification

The Library JPA is not required to give notice to bidders in any specific format or on any particular timeline. At some point prior to execution of a final agreement for the requested procurement, the Library JPA will notify those who submitted submissions of their non-selection. Vendors may be notified at different times depending on the needs of the Library JPA. The Library will aim to send written notification to all Proposers by **June 3, 2022**.

Protest Process

If a proposer desires to protest the selection decision, the proposer must submit by email a written protest within five (5) business days after the delivery of the notice about the decision. Protests received after the deadline will not be accepted. Protests must be in writing and must state all the specific ground(s) for the protest. A protest that merely

addresses a single aspect of the selected proposal (for example, comparing the cost of the selected proposal in relation to the non-selected proposal) is not sufficient to support a protest. A successful protest will include sufficient evidence and analysis to support a conclusion that the selected proposal, taken as a whole, is an inferior proposal.

The RFQ Coordinator will respond to a protest within ten (10) business days of receiving it. The decision of the RFQ Coordinator will be final. The protest letter must be sent by email to: Sandy Wee, Library Services Manager, wee@smcl.org.

Library Responsibilities

In order to enable a successful and timely implementation of these services, the Library is responsible for providing appropriate access to Library staff, and resources identified as essential to complete work activities.

Contract Approval

The RFQ and selection processes do not obligate the Library and do not create rights or claims of entitlement in the apparent best evaluated Proposer. Contract award shall commence only after the contract is signed by the Vendor and by Library officials as required by Library regulations to establish a legally binding contract.

Administrative Requirements

A written Agreement using the Library's standard format (sample attached) will be finalized between the Library and Contractor containing the terms and conditions showing required material terms of the selected proposal. Proposers which cannot accept any of the terms in the sample attached agreement should explicitly note such exceptions in their proposals. Proposals will be evaluated based upon willingness to accept sample contract terms.

7. Contractor shall obtain any license, permit, or approval if necessary from any agency whatsoever for the work/services to be performed at his/her own expense, prior to commencement of said work/services or forfeit any right to compensation under this Agreement.

11. This Agreement, including Exhibit "A" and Exhibit "B" attached hereto and incorporated herein by reference, constitutes the sole Agreement of the parties hereto and correctly states the rights, duties, and obligations of each party as of this document's date. All subsequent modifications shall be in writing and signed by the Library Director. In the event that any term, condition, provision, requirement or specification set forth in this body of the agreement conflicts with or is inconsistent with any term, condition, provision, requirement or specification in any exhibit and/or attachment to this agreement, the provisions of this body of the agreement shall prevail. This Agreement, or facsimile proposal of the Agreement, constitutes the entire Agreement between Library and Contractor. Further, liability referenced to in section 4 is limited to Contractor's negligence during the Contractor's performance under this contract.
