Dear Community,

We're thrilled to present our first-ever Indie Author Fest — Saturday, September 16 at 2:00 PM at the Millbrae Library! Come celebrate the written word and connect with local writers. This casual meet-up occurs weekly and is for experienced crafters. Participants will experience a real test environment and receive a comprehensive analysis of strengths and weaknesses via email.

We're excited to announce the start of construction on the Millbrae Library makerspace! Construction will take place Monday through Friday from 7:30 AM to 5:00 PM. The community will be closed during construction, but the rest of the library will remain open for regular hours.

Make sure to check out the rest of the library for updates on new events, resources and services.

Make sure to follow our blogs for updates on new events, resources and services.
