

Belmont Library Improvement Project Updates/FAQs

What is happening at the Belmont Library?

The Belmont Library will undergo a renovation project that will require it to close for a few months beginning **Wednesday, March 19**.

Renovation activities for the facility will include new exterior and interior paint, new flooring, enhancements to create an updated makerspace and new meeting room technology. The library will also receive new furniture and shelving.

In partnership with the City of Belmont, and with generous funding from the Friends of the Belmont Library, San Mateo County Libraries is excited to bring these improvements to its community.

How did this project come about?

The Belmont Library opened in April 2006 and is owned and maintained by the City of Belmont. Since then, it has been a popular community destination. Normal wear and tear have taken a toll on this well-used facility, and funding has been approved to replace the carpet and repaint its interior and exterior.

What library services will be available in Belmont?
