Kevin Bryant, Woodside

**San Mateo County Library Joint Powers Authority
Operations Committee Agenda
May 13, 2025 1:30 p.m.**

Meetings of the Joint Powers Authority Operations Committee will be held in-person and by teleconference pursuant to Government Code Section 54953(b). Members of the public are able to join this hybrid meeting remotely via the Zoom platform by using the link below or in person at a meeting location identified below.

<https://SMCL.zoom.us/j/92007158020?pwd=XtI4VE2Eo08V9N8zBlIc1zqzeoBIYu.1>

Or Telephone: +1 669 900 6833 Meeting ID: 920 0715 8020 Password: 022346

Meeting Location:

Library Administration, 125 Lessingia Court, San Mateo, CA 94402

Members of the public may email written public comments in advance of the meeting to Priscilla Bermudez at bermudez@smcl.org. Your email should include the specific agenda item on which you are commenting or note that your comment concerns an item not on the agenda. The Committee will make reasonable efforts to read into the record all emails received before the meeting. All emailed written comments, regardless of when received, will be included in the administrative record.

In compliance with Title II of the Americans with Disabilities Act, the County will provide reasonable accommodations for persons with disabilities. If possible, please give three (3) business days advance notice of any accommodation needs by contacting Priscilla Bermudez at (650) 339-2247 and/or bermudez@smcl.org or call the California Relay Service (711).

If you believe the County has not met your rights under Title II of the Americans with Disabilities Act, please contact Anne-Marie Despain at (650) 312-5245 and/or despain@smcl.org or call the California Relay Service (711).

2025 Operations Committee Meetings: June 10, September 9, October 28

2025 Governing Board Meetings: May 19, June 16, September 15, November 3

San Mateo County Libraries Joint Powers Authority
Operations Committee Meeting
Minutes of January 28, 2025

Board Members Present:

George Rodericks, Atherton (Chair)
Jeremy Dennis, Brisbane
Matthew Chidester, Half Moon Bay
Hannah Moran, Millbrae
Kevin Woodhouse, Pacifica (Vice Chair)
Crystal Mui, San Carlos
Justin Mates, San Mateo County
Kevin Bryant, Woodside

Staff Present:

Anne-Marie Despain
Carine Risley
Lindsey Freeland
Priscilla Bermudez

-
- I. Call to Order. The meeting was called to order at 1:34 p.m. by Chair Rodericks.
 - II. Public Comments. None.
 - III. Consent Agenda. The Consent Agenda included the Approval of the October 29, 2024 Minutes, the Unapproved Minutes of the November 4, 2024 Governing Board Meeting, the Financial Audit Report for FY 2023-24 and the Director's Report.

Motion: Approve the Consent Agenda without changes. Passed (MSP: Bryant/Mui).
 - IV. Strategic Plan 2025-2030 Report. Director Despain presented the Strategic Plan Report for approval. Vice Chair Woodhouse requested a high-level summary of changes from the October draft. Member Chidester appreciated its simplicity, incorporation of board feedback, and expressed enthusiasm for moving it forward. Member Mui praised the design, noting the appealing colors, graphics, and photos that make it engaging.

Motion: Approve the Strategic Plan 2025-2030 Report. Passed (MSP: Woodhouse/Chidester).
 - V. Bookmobile Purchase Approval. Deputy Director Risley presented the Bookmobile Purchase for approval. Vice Chair Woodhouse inquired about features and challenges specific to large electric vehicles. Members Mates and Member Bryant commended staff for their research and updates, voicing support for a diesel-hybrid option. Member Chidester asked about potential alternative uses, such as serving as a warming station or providing power in emergencies. The discussion also covered production timelines and the possibility of using portable solar panels for additional power.

Motion: Approve the purchase of a new hybrid diesel bookmobile. Passed (MSP: Mates/Woodhouse).

- VI. FY 2024-25 Mid-Year Report. Financial Service Manager Freeland provided an overview of the FY 2024-25 Mid-Year Report. By year end, the Library is estimated to realize 108% of projected revenue and spend approximately 90% of budgeted expenditures. The Revenue variance of \$3.4M is primarily attributed to secured property taxes and Excess ERAF, which are expected to exceed budgeted amounts. Expenditure savings are estimated at \$5.2M, mainly due to salary and benefit savings from staffing vacancies as well as savings in services and supplies and fixed assets resulting from project delays that will carry forward to FY 2025-26. Looking ahead to the FY 2025-26 budget, property tax revenue is expected to grow by 4%, while unsecured property taxes and excess ERAF are anticipated to remain stable. Staff recommends adopting a strategy of allocating 50% of anticipated excess ERAF for ongoing expenses, aligning with San Mateo County's approach since 2011. The library expects approximately \$7 million in excess ERAF next year and has sufficient reserves to manage any unforeseen funding changes. Member Chidester expressed support about the adjustment on excess ERAF, noting its potential to create new opportunities and inquired about plans for ongoing funding allocation. Director Despain stated that fund usage would be guided by feedback from the Library JPA and aligned with the strategic plan. Members discussed how the State's attempt to link excess ERAF to VLF in lieu funding could impact how funds are allocated across cities, counties, and special districts like libraries. Member Mates shared information from the County regarding ERAF and VLF funds.

Motion: Accept the report and direct staff to move forward with development of the FY 2025-26 Recommended Budget. Passed (MSP: Chidester/Bryant).

- VII. Operations Committee Members Announcements.

- VIII. Adjournment. The meeting adjourned at 1:58 p.m.

San Mateo County Libraries Joint Powers Authority
Governing Board Meeting
Minutes of February 5, 2025

Board Members Present:

Rick DeGolia, Atherton
Julia Mates, Belmont (Vice Chair)
Frank Kern, Brisbane
Mark Dinan, East Palo Alto
Art Kiesel, Foster City
Deborah Penrose, Half Moon Bay
Reuben Holober, Millbrae
Mary Bier, Pacifica
Rebecca Flynn, Portola Valley
Sara McDowell, San Carlos
Lisa Gauthier, San Mateo County
Dick Brown, Woodside

Staff Present:

Anne-Marie Despain
Carine Risley
Lindsey Freeland
Priscilla Bermudez

-
- I. Call to Order. The meeting was called to order at 8:15 a.m. by Vice Chair Mates.
 - II. Public Comments. Member Penrose commended the library's efforts in supporting the immigrant community and encouraged continued collaboration with city officials to ensure a timely and supportive response if ICE were to enter the community.
 - III. New Member Welcome and Recognition of Outgoing Members. Vice Chair Mates welcomed new members, followed by introductions. Outgoing member and former Chair Karen Cunningham was recognized for her contributions, with members expressing gratitude for her service. Director Despain presented her with a Certificate of Appreciation for her six years on the Board.
 - IV. Special Election of the Governing Board Officers. Vice Chair Mates invited nominations from the floor for positions of Governing Board Chair and Vice Chair. Member Penrose nominated Vice Chair Mates for Chair; no other nominations were received. Vice Chair Mates nominated Member DeGolia for Vice Chair; no other nominations were received.

Motion: Approve Vice Chair Mates to serve as Governing Board Chair. Passed (MSP: Penrose/DeGolia). Motion: Approve Member DeGolia to serve as Governing Board Vice Chair. Passed (MSP: Mates/Holober).

- V. Consent Agenda. The Consent Agenda included the Approval of the November 4, 2024 Minutes, the Financial Audit Report for FY 2023-24, Director's Report and Strategic Plan 2025-2030 Report.

Motion: Approve the Consent Agenda without changes. Passed (MSP: Brown/Penrose).

- VI. Bookmobile Purchase Approval. Deputy Director Risley presented the Bookmobile Purchase for approval. Members discussed the proposed hybrid bookmobile, with Member DeGolia supporting the recommendation and suggesting exploring Electric Fish, a San Carlos-based company specializing in high-speed compact charging units. Member Penrose inquired about the vehicle's transition from electric to diesel at 33 mph, noting that most travel would likely be at lower speeds. Member McDowell asked about the vehicle's lifespan, which Deputy Director Risley estimated at 10-20 years, and raised concerns about the cost, questioning prior estimates that diesel would be significantly cheaper than electric. Deputy Director Risley confirmed the costs align with state-wide bookmobile purchases and noted recent price escalations have stabilized. Members also discussed alternative funding sources, vehicle warranties, licensing requirements, and the possibility of purchasing a second vehicle. Chair Mates emphasized the importance of moving forward with the bookmobile to serve key communities while also exploring grants and future expansion. Member McDowell supported aggressively pursuing grant opportunities and requested renderings of proposed projects for future approval.

Motion: Approve the purchase of a new hybrid diesel bookmobile. Passed (MSP: Penrose/DeGolia).

- III. FY 2024-2025 Mid-Year Report. Financial Service Manager Freeland provided an overview of the FY 2024-25 Mid-Year Report. By year end, the Library is estimated to realize 108% of projected revenue and spend approximately 90% of budgeted expenditures. The Revenue variance of \$3.4M is primarily attributed to secured property taxes and Excess ERAF, which are expected to exceed budgeted amounts. Expenditure savings are estimated at \$5.2M, mainly due to salary and benefit savings from staffing vacancies as well as savings in services and supplies and fixed assets resulting from project delays that will carry forward to FY 2025-26. Looking ahead to the FY 2025-26 budget, property tax revenue is expected to grow by 4%, while unsecured property taxes and excess ERAF are expected to remain stable. Staff recommends adopting a strategy of allocating 50% of anticipated excess ERAF for ongoing expenses, aligning with San Mateo County's approach since 2011. The library expects approximately \$7 million in excess ERAF next year and has sufficient reserves to manage any unforeseen funding changes.

Member Bier inquired about the rationale behind using ERAF funds for ongoing expenses. Financial Services Manager Freeland explained that the policy, modeled after San Mateo County's practice, would help identify additional revenue, especially for expanding staff. Director Despain added that using 50% of ERAF for ongoing expenses is a conservative approach, with healthy reserves available to adapt if revenue fluctuates. Member Flynn asked about ongoing funding allocation, with Director Despain noting that

staffing needs are the highest priority, and recommendations would be aligned with feedback from the Library JPA and the strategic plan. Vice Chair DeGolia clarified that the new approach would allocate 50% of estimated ERAF for ongoing expenses, with the remaining 50% kept for one-time use. Discussion also touched on the library's financial projections, including a potential recession's impact on property values, with reserves providing a buffer. Financial Services Manager Freeland noted that a 4% increase in property taxes is projected for next year, and the library remains nimble to adjust as needed. Member Keisel asked about treasury functions, which are handled by the County Treasurer. Chair Mates highlighted the importance of managing the library's healthy reserves responsibly to meet community service needs.

Motion: Accept the report and direct staff to move forward with development of the FY 2025-26 Recommended Budget. Passed (MSP: McDowell/Gauthier).

- VII. Governing Board Member Announcements. Member McDowell raised community concerns about delays in the Dolly Parton Imagination Library program, particularly the long wait for the first book. Deputy Director Risley clarified that the delay is managed by the Dolly Parton Foundation, and staff will address concerns and work with the foundation to improve the process. Member Dinan announced efforts to raise funds for a new library project and encouraged support from those able to contribute. Member Holober suggested briefly highlighting positive news from the Director's report in future meetings. Vice Chair DeGolia praised the partnership with Familias Unidas, noting its success in improving children's reading engagement. Member Brown acknowledged the library's progress in its second language programs and senior services, specifically the successful senior workshops, and inquired about the potential for other libraries to adopt similar programs.

- VIII. Adjournment. The meeting adjourned at 9:24 a.m.

To: JPA Operations Committee
From: Anne-Marie Despain, Director of Library Services
Date: May 8, 2025
Meeting: May 13, 2025
Re: Director's Report

This report summarizes significant library operations and program activities that have occurred since the last meeting of the Operations Committee. Services and activities are aligned with our Strategic Plan Goals.

We listen to our community and create responsive services and spaces where everyone belongs

Cultural Connections

We believe in the power of cultural programming to bring people together, honor shared heritage, and deepen connections across our vibrant communities. Rooted in a strong commitment to reflecting the diverse stories, traditions and perspectives of our neighbors, our events invite everyone to explore, learn and celebrate the rich tapestry of cultures that make our county extraordinary.

Black History Month – Grammy-nominated artist Andre Thierry brought the history and rhythms of Kreole and Zydeco music to life, while Soul 4Kidz delighted families with joyful renditions of classic children's songs. Singer Tiffany Austin shared the transformative power of song, and One led a village celebration rooted in connection and unity. Families explored social-emotional literacy through energizing drumming workshops and Grammy-nominated storyteller Diane Ferlatte captivated all ages with her masterfully woven tales. Over 800 community members joined us in this month-long celebration of culture, history and togetherness.

Women's History Month – Highlights included a compelling lecture series on the early 20th-century self-defense movement and its connection to the women's suffrage movement. Participants bridged past and present through hands-on self-defense seminars focused on awareness, boundary-setting and instinctive response. Programs spotlighting women's wellness—such as yoga dance, sound meditation, creative writing, mindfulness, and nutrition—offered inspiration and connection to more than 150 participants.

SWANA Heritage Month – Throughout April, storytelling, author talks and drumming workshops illuminated the traditions of Southwest Asian and North African cultures. From Wafa Shami’s engaging storytelling to Faisal Zedan’s dynamic pan-Arabic drumming workshop, attendees were immersed in vibrant cultural experiences that celebrated the beauty and depth of SWANA heritage. The month’s events created meaningful opportunities for dialogue, connection, and celebration—reinforcing the library’s commitment to prioritizing culturally relevant, community-focused and intergenerational programming.

Belmont Library Improvement Project

We are pleased to announce that the Belmont Library project is progressing with good momentum. The City of Belmont is leading the work and interior painting is now complete, featuring a vibrant color palette, accent walls, and modern, clean finishes. Exterior painting is currently underway, and new flooring and carpet installation are scheduled next. In parallel, the library is working to improve spaces with new furniture, a refreshed staff workspace, advanced meeting room technology and an upgraded makerspace— thanks to generous support from the Friends of the Belmont Library.

Throughout the renovation process, we’ve ensured that patrons remain well-connected. Over 1,946 holds have been mailed to residents’ homes, ensuring continued access to library materials. Off-site programs, including storytime, Tai Chi, Maturing Gracefully, and STEAM Team, continue to thrive at the Barrett Community Center and Twin Pines Senior Center. We look forward to unveiling the beautifully reimagined Belmont Library this summer, offering an enriched and welcoming space for our community to enjoy.

Atherton Library Children’s Garden

We are pleased to share exciting progress on the [Children’s Garden project](#). Following the Town Council’s approval on February 19, we are now finalizing the design and preparing for review by the Planning Commission, anticipated by the end of May. Pending approval, the project will advance to the competitive bidding phase this summer, with a contractor recommendation to follow shortly thereafter. We expect to break ground this fall and

unveil the reimagined 6,500-square-foot garden this winter. This thoughtfully designed, nature-rich space aims to spark curiosity and create a strong connection with nature. Play is foundational to child development, through play, children explore language, build social skills, and develop critical thinking that supports early literacy and lifelong learning. The new children’s garden will serve as a vibrant extension of the library’s mission, where young minds can explore, imagine, and grow.

Article: [Atherton to construct children’s nature space behind library](#), The Almanac, February 25, 2025

New East Palo Alto Library

The City of East Palo Alto and Library are making major strides toward a new, modern library that reflects the community's vision and needs. In early 2022, the City purchased 1.07 acres at 2474 Pulgas Avenue, next to the EPACenter arts facility, with the goal of building a new library. After selecting Noll & Tam Architects as the design partner, the City and Library launched the design project in May 2024 and began extensive community outreach over the summer.

Guided by community and stakeholder feedback, Noll & Tam developed an inspiring conceptual design and cost model for a two-story facility. On March 4, the City Council [approved the updated design](#)—marking a major milestone for this transformative project. The updated concept design will offer areas for quiet and active experiences, hands-on activities, literacy classes, technology exploration, and outdoor spaces that celebrate nature. This exciting new facility will strengthen community bonds and position the library as a vibrant public hub.

San Carlos Library Makerspace

Exciting progress is underway on the new makerspace at the San Carlos Library—an imaginative, hands-on environment where creativity, curiosity and collaboration can thrive.

This fall, we will present the project to the San Carlos City Council to seek approval to release a Request for Proposals (RFP), with a goal of selecting a contractor to start the work in January. This 1,000-square-foot space will be located on the library's second floor, providing ample room for a variety of

creative activities and learning experiences. Envisioned as a hub for learning and exploration, the makerspace will offer tools, technology, and a flexible space that empower users of all ages to experiment, create, and bring their ideas to life.

Article: [San Carlos Library's makerspace blueprints a future for local creativity](#), Scot Scoop, May 5, 2025

We connect people and build partnerships to achieve shared goals

Safety Net Services at the Library

Recognizing the diverse and evolving needs of our community, we are proud to partner with the [YMCA Community Resource Center](#) and [Coastside Hope](#) to ensure our spaces remain welcoming, inclusive, and supportive for all. Together, we have provided vital safety net services to 444 individuals and families between July and March, helping them navigate challenges related to housing, food security, utilities, and digital access.

At the Brisbane Library, 82 clients received personalized support, including rental and utility assistance, diaper supplies, and SNAP referrals for new mothers during critical life transitions. At the Half Moon Bay Library, Coastside Hope served 362 clients with resources ranging from food distribution and rental aid to immigration services and tax preparation. The partnership also allowed unhoused community members to access free transportation and explore vital resources, with participants expressing gratitude for essential tools like Clipper cards.

Expanding Reading Through Partnerships

We're committed to expanding reading and learning opportunities beyond library walls. Through partnerships with more than 20 schools, youth programs and local organizations – including Pacifica's Boys & Girls Clubs and Millbrae's Rollins Gateway. We've placed library collections directly into the hands of our communities. These collaborations help remove barriers to access and introduce new audiences to the power of library resources, fostering deeper, more meaningful connections with reading, learning and each other.

Spring Hunt in East Palo Alto

On April 11th, East Palo Alto Library united with local nonprofits to host a Spring Hunt event at the Little Blue House. Over 180 community members came together to celebrate the season and connect with resources. Collaborating with [Canopy](#), [Communities Overcoming Relationship Abuse \(CORA\)](#), [Ecumenical Hunger Program \(EHP\)](#), and The Little Blue House helped make the day unforgettable.

Families enjoyed free books and enrolled children ages 0-5 in the Dolly Parton Imagination Library, which delivers books directly to homes. Canopy delighted attendees with fruit tree tastings and take-home trees for families to cultivate. CORA and EHP connected with families and shared information about the important services they provide. Children and their families enjoyed exploring the Little Blue House playground, drumming with Afro-Peruvian dance company Cunamacué, and learning how music supports early literacy. The library provided bilingual tips for early learning and showcased our Adult Literacy programs. Each child went home with a goodie bag and families left inspired and connected to helpful resources.

We engage our communities through meaningful outreach and expanded access to resources

Library Night with the San Francisco Giants

We brought the energy and innovation of modern library services to a regional stage on Monday, April 7 at Library Night with the San Francisco Giants.

Teaming up with fellow Bay Area libraries, we proudly showcased our dynamic offerings and the impact of the Foundation for San Mateo County Libraries.

Before the game, we anchored lively festivities at China Basin Park, inviting attendees to experience our Makermobile, unwind in our welcoming Reading Garden, and sign up for special-edition Giants library card. In just a few hours, we engaged with 410 community members and issued nearly 220 new library cards, creating lasting connections through moments of discovery and joy. In the stadium, the Giants amplified our message with a public service announcement that celebrated our innovative and transformative role in the community—reaching a crowd of 30,000 enthusiastic baseball fans.

We champion a culture of continuous growth and discovery for all

Summer Adventure 2025 and Inspiring Summers

We're excited to showcase two transformative programs that open doors to opportunity, spark curiosity and joyful learning in our communities.

Summer Adventure invites learners of all ages to read, explore and create in ways that inspire. Participants will receive free giveaway books, learning passports and opportunities to win great prizes, including a \$1,000 scholarship for one child or teen in every community. This year's unforgettable experience is brought to life with vibrant, commissioned artwork from local illustrator Adesuwa Ikechiuku, capturing the spirit of imagination and possibility.

Building on the excitement of Summer Adventure, we're also proud to deepen our impact through Big Lift Inspiring Summers, now entering its 10th year. Nearly 900 students in K-3rd grade will participate across eight camps, diving into literacy-rich activities, creative STEAM projects, and mindfulness practices. With visits from our Makermobile, field trips to local libraries and the return of Family Literacy events, children and families will be empowered to foster lifelong connections to reading and discovery. We're also thrilled to welcome new partner districts including Millbrae, Brisbane and Pacifica, bringing this impactful program to even more communities.

Paws for Tales

Paws for Tales is a beloved program that engages children ages 5 and up, to read aloud to specially trained therapy dogs, offering a welcoming space to build literacy skills. Research shows that children often feel less anxious and more confident when reading to animals, who provide judgment-free companionship. Available at all our 13 libraries, this warm and engaging program has delighted 800 children so far this year and is offered in partnership with the [Peninsula Humane Society](#). Young readers eagerly reserve sessions with calm, attentive canine companions to build reading confidence and fluency, and turn reading practice into a joyful, encouraging experience.

Article: [Paws for Tales is helping kids become stronger readers](#), The Almanac, March 3, 2025

Antonio López Named San Mateo County Poet Laureate

Former Mayor of East Palo Alto Antonio López has been appointed as San Mateo County's fifth Poet Laureate. A proud East Palo Alto native and award-winning poet and author of [Gentefication](#), Antonio uses poetry to elevate the voices of underrepresented communities and explore themes of immigration, identity and resilience.

As a former Library JPA Governing Board member and passionate advocate, he has played an important role in championing the essential role libraries play in building equity, fostering creativity, and empowering communities.

Press Release: [Antonio López Is the New San Mateo County Poet Laureate](#), April 9, 2025

Article: [Antonio López becomes SMC poet laureate](#), Redwood City Pulse, April 15, 2025

Employee Service Awards

Early this year, the County honored four employees for reaching milestones in their years of service: Atherton Librarian Lynne Fetter (10 years), East Palo Alto Library Assistant Nineti Fanua (10 years), Portola Valley Library Assistant Rachael Hood (10 years) and Accountant Winnie Kuang-Todd (20 years).

Congratulations to Nineti, Lynne, Rachael and Winnie for their many years of service and invaluable contributions to the San Mateo County Libraries!

Personnel News

We are excited to share the following personnel announcements:

Carbelle Imperial, Library Assistant at the Pacifica Libraries, retired effective February 28. Carbelle worked for San Mateo County Libraries for more than 18 years and made significant contributions to technology services, including her leadership in the Personalized Tech Help program and active involvement in outreach and systemwide initiatives.

Sandy Wee, Access Services Division Manager, retired effective March 28. Sandy worked in the library profession for 33 years, including nearly 28 years with San Mateo County Libraries. She made lasting impacts through her leadership in access services, innovation in collections and programs, and national contributions to the library field through her work with ALA and APALA.

Amberlynn Auelua has accepted the position of Payroll Personnel Coordinator in our Human Resources division. Amberlynn previously worked at the Berkeley Unified School District as a Human Resources Technician. She holds a bachelor's degree in psychology from San Francisco State University and is currently pursuing her master's degree in human resources management at the University of Southern California.

Stefanie Jacinto Deo has accepted the position of Data and Performance Management Analyst in our Finance division. Stefanie joins us from GoFundMe, where she worked as a Data Scientist. She holds a bachelor's degree in psychology from Ateneo de Manila University and a master's degree in statistics from San Jose State University.

Stefania Diaz has accepted the position of Community Program Specialist at the Half Moon Bay Library. Stefania comes to us from Winter Consulting, where she worked as a Deputy Engagement Manager. She holds a bachelor's degree in political science from San Jose State University and is bilingual in Spanish.

Congratulations to our retirees, staff and new hires! We are grateful for their continued dedication to our mission and the communities we serve.

State Library News

The California State Library received formal notice from the Institute of Museum and Library Services (IMLS) that, effective April 1, 2025, the federal grants awarded under the Library Services and Technology Act (LSTA) for the 2024–25 fiscal year have been terminated. This decision may significantly impact statewide library services unless funding is restored or replaced. Without alternative support, key programs and resources—including public access to the New York Times and educational tools, literacy and volunteer support services, staff training opportunities, and preservation and digitization initiatives—are slated for discontinuation in 2025–26.

San Mateo County Libraries has received an average of \$100,000 from these federal and state grant over the last seven years. The State Library recognized the uncertainty this creates and is committed to advocating for solutions to sustain these vital services.

To: JPA Operations Committee
From: Anne-Marie Despain, Director 
Lindsey Freeland, Finance Manager
Date: May 8, 2025
Meeting: May 13, 2025
Re: Introduction to the FY 2025-26 Recommended Budget

Background

San Mateo County Libraries is a Joint Powers Authority governed by a board consisting of representatives from each member entity, including the cities of Atherton, Belmont, Brisbane, East Palo Alto, Foster City, Half Moon Bay, Millbrae, Pacifica, Portola Valley, San Carlos, Woodside, and the unincorporated areas of the County. Oversight responsibility, the ability to conduct independent financial affairs, approve budgets, sign contracts, and otherwise influence operations and account for fiscal matters are exercised by the JPA Governing Board. The budget is legally enacted through passage of a motion during a JPA Governing Board meeting, followed by approval from the San Mateo County Board of Supervisors.

Budget Process

The budget process involves the distribution of resources and services that meet performance objectives as approved by the Operations Committee and Governing Board. Funds are appropriated on an annual basis as adopted by the JPA Governing Board. The budget serves as the annual financial plan, an operations guide, and a communications tool which strives to provide the best and most relevant information in an easily understandable format. Information about San Mateo County Libraries accomplishments, performance and priorities is also provided.

Budget Process Key Dates	
December	Budget Development Begins
February	Mid-Year Report is Submitted to the JPA Governing Board
May	Recommended Budget is Submitted to the JPA Governing Board
June	Recommended Budget is Adopted by the JPA Governing Board
September	Final Adopted Budget is Approved by the JPA Governing Board
September	Final Adopted Budget is Accepted by the County Board of Supervisors

Discussion

FY 2025-26 Recommended Budget Priorities

Following the completion of our new Strategic Plan 2025-2030, the Recommended Budget works to set priorities and provide allocations responsive to the feedback and input we received during our community engagement efforts. The Recommended Budget also continues to reflect many of the investments made in recent years to increase and expand our services and programs.

The following priorities will be continued and implemented this year:

- Implement our new strategic plan and respond to the priorities identified through community and stakeholder outreach and engagement efforts.
- Reach more community members through intentional outreach and marketing efforts.
- Prioritize cultural programming in our libraries to ensure everyone feels welcome and represented in our spaces.
- Elevate adult and youth literacy efforts and develop responsive programs to empower and cultivate a community of learners.
- Establish new and deepen existing community partnerships to expand and enhance supportive services.
- Increase access to technology and hands-on learning to advance digital equity.
- Create and update libraries to include vibrant, welcoming spaces that inspire creativity, collaboration, and exploration.
- Develop and implement performance metrics and system targets to track progress and inform ongoing improvements.
- Support the well-being and growth of our library champions and amplify their talents.

FY 2025-26 Recommended Budget Highlights

The proposed FY 2025-26 Recommended Budget is balanced and demonstrates that our libraries are well positioned to operate within available resources now and into the foreseeable future.

Total Sources and Total Requirements in the FY 2025-26 Recommended Budget are \$92,163,562. Total Revenue is \$46,178,540 and Net Appropriations, or the total operating budget, is \$54,270,419. Salaries and benefits comprise our largest expense and total \$29,500,704, representing 54% of the total operating budget. The budget sets Operating Reserves at \$5,863,392 and Capital Reserves at \$32,029,751, in compliance with the JPA Fund Balance Policy.

Key projects for FY 2025-26 include constructing a new makerspace at the San Carlos Library; purchasing assets to enhance outreach efforts; installing privacy pods in our libraries; exploring artificial intelligence service applications; establishing digital literacy hubs; and providing reading tutoring and homework help. Nine new positions are also recommended. These new positions will bolster our ability to implement our new strategic plan goals by providing strategic leadership overseeing partnerships and outreach, supporting expanded projects and upkeep at library facilities, strengthening public service operations, and increasing our capacity to support expanding human resources and business needs.

Fiscal Impact

There is no fiscal impact associated with the Introduction of the FY 2025-26 Recommended Budget.

Recommendation

No action is required at this introductory stage of the budget process.

Fiscal Year 2025-2026 Recommended Budget

Overview

San Mateo County Libraries are incomparable destinations for learning and growth. Each of our 13 libraries is part of a larger family offering worlds of discovery. Through innovative outreach and mobile services, enriching experiences are also delivered beyond our library buildings.

We host thousands of events each year, curating programming that provides high-quality learning experiences. We are readers and educators at our core, a library tradition we will always embrace as champions of literacy and exploration at every stage of life.

Our physical and digital collections are always growing. We are proud to connect our communities to a robust collection of books, music, and movies as well as online resources, classes and technology.

As one of the largest providers of free Internet access in the county, all our libraries offer wireless service, WiFi hotspots and laptops for checkout, and hundreds of public computers available for use.

San Mateo County Libraries Strategic Plan 2025-2030, developed through a year-long effort to ensure robust, thorough, and broad-based community engagement, reflects our commitment to evolving alongside our communities, building on existing strengths while identifying areas for growth.

Our Vision: Where community grows and thrives

Our Mission: Together, we build meaningful connections and inspire lifelong curiosity

History and Governance

San Mateo County Libraries was established by the Board of Supervisors in 1912 under the authority of the California County Free Library Law of 1911. The underlying legislation supporting County Free Public Libraries explicitly provides for participation in the levy of a tax for library purposes. Approximately 273,000 people live within the boundaries of our legal taxing district which covers 351 square miles.

In 1999, the Library Joint Powers Authority was established. The Library JPA is a separate, independent entity with its own Governing Board, consisting of elected officials from each member. An Operations Committee composed of city and county leaders from each member also provides guidance.

The Library JPA is comprised of the cities of Atherton, Belmont, Brisbane, East Palo Alto, Foster City, Half Moon Bay, Millbrae, Pacifica, Portola Valley, San Carlos, Woodside and the unincorporated areas of the county.

We are able to deliver high quality library services in a cost-effective and efficient manner through careful distribution of resources. Internal economies of scale are achieved because support activities are centralized and shared. This reduces duplication and enables resources to be maximized and directed toward service to the public.

San Mateo County Libraries has a long and rich history of providing vital library services to our communities and a commitment to exceptional public services which endures to this day.

Demographics

Our communities comprise a rich diversity of individuals that our services and collections embrace and support. Our talented staff and wonderful volunteers create a welcoming atmosphere that inspires and includes all.

273,370 people live in our service area

23% are enrolled in school, **44%** of whom are in grades K-8

32% are 55 or older, **18%** are 65 or older

At home, **16%** of our community speak Spanish, **8%** speak Chinese and another **15%** speak another language other than English

245,111 people have library cards

Service area demographics from U.S. Census Bureau and California State Library

A photograph of a woman and a young girl sitting outdoors. The woman, on the left, has dark hair tied back and is wearing a dark blue zip-up jacket. She is smiling warmly at the girl. The girl, on the right, is wearing a green jacket with a car pattern and is holding an open book, looking at it with a smile. The background is a soft-focus green field.

Strategic Plan

Shaped through community engagement, our new 2025-2030 Strategic Plan is designed to meet evolving community needs and create lasting impact.

Vision

Where community grows and thrives

Strategic Goals

We listen to our community and create responsive services and spaces where everyone belongs

- Actively reach out to our communities to ensure they are heard
- Prioritize culturally relevant, community-focused, and intergenerational programming
- Ensure staff, collections, programs, and library spaces reflect our communities
- Enhance and update facilities to create inviting and flexible spaces
- Offer fun, free, and joyful opportunities that inspire and uplift

We connect people and build partnerships to achieve shared goals

- Align our efforts with the needs and aspirations of our communities
- Build partnerships that bridge community needs and library offerings
- Create opportunities to bring people together to strengthen connections
- Leverage resources in inventive ways to help our communities flourish
- Communicate an inspiring vision and the library's story of impact

Mission

Together, we build meaningful connections and inspire lifelong curiosity

We champion a culture of continuous growth and discovery for all

- Engage children, teens, adults, and seniors in high-quality, research-informed experiences
- Sustain our strong literacy initiatives with a dedicated focus on low literacy and English-language learners
- Prioritize digital literacy by ensuring our communities have access to a variety of technologies, reliable internet, and essential digital skills
- Champion the freedom to read and explore a rich diversity of information, ideas, and perspectives
- Support the growth and well-being of our staff

We engage our communities through meaningful outreach and expanded access to resources

- Strengthen organizational capacity and prioritize our work and resources to enhance outreach efforts
- Connect community members to library experiences in ways that best meet their needs
- Provide a wide range of services and access points that extend beyond our buildings
- Utilize a variety of communication platforms, including multimedia and language resources, to share library programs and services

Accomplishments

Our achievements this year reflect a shared commitment to the communities that inspire and drive our work.

Strategic Outreach

- Shaped by extensive community and stakeholder input, our new 2025-2030 Strategic Plan was completed. Developed over the course of the year and informed by 3,500 community surveys, 195 staff participants, 30 stakeholder interviews and five focus groups, the plan reflects a shared vision grounded in our core goals to listen, connect, discover and engage. Some key findings from our community engagement efforts include a high interest in more cultural programming, technology classes, especially for Spanish speakers, and additional educational supports for youth. This exciting new plan for the future not only guides the organization's work but also strengthens our connection with the people we serve.

"The library is the heart of the community—from voting to free snacks after school, to the makerspace, the sewing room and the children's story hours. I love how much the library staff care and all the community events hosted there."

– Library Patron

- We teamed up with the San Francisco Giants and the Foundation for San Mateo County Libraries to host our first Library Night at Oracle Park, giving out 220 limited edition Giants-themed library cards to new and existing patrons. Alongside fellow Bay Area libraries, we co-hosted a free pre-game community festival that brought together baseball and library fans. More than 400 attendees explored our Makermobile, browsed eBooks and enjoyed hands-on maker demos and giveaways—all celebrating the power of curiosity, learning and community. Our public service announcement about all that libraries offer played in front of more than 30,000 fans during the game's second inning.

"I love my library because it's always fun."

– Library Patron

"I recently spotted the Bookmobile on the coast—super that this exists."

– Library Patron

- Our impact reaches far beyond library walls. Through outreach at partner organizations, farmers markets, schools, and community events, we connect with residents across San Mateo County—building meaningful relationships and expanding access to library resources. Our Makermobile brings hands-on technology like 3D printing and robotics to students, making 40 visits and traveling over 500 miles so far this fiscal year. Our library outreach vehicles—the Bookmobile and book vans—further strengthen our ability to connect with our rural coastal communities. Between July 2024 and March 2025, these vehicles logged approximately 3,600 miles, supporting 69 school stops, 143 community stops and 16 special events. Together, these efforts ensure that no matter where people live, they can connect to learning, creativity and opportunity.

"Learning, community, the excitement of discovery. I could go on and on. Excellent library system—way to go, County of San Mateo!"

– Library Patron

- To raise awareness of all we offer, we launched an exciting multilingual advertising campaign. Bold, colorful ads in English, Spanish and Mandarin appeared online, on buses and in local stores, showcasing everything from beloved classic library services to our most innovative offerings. In just three months, the campaign drew more than 30,000 visits to our Welcome webpage, where visitors signed up for library cards, discovered our programs and accessed valuable resources.

"I was blown away by the incredible collection...it's a paradise for readers, elders as well as kids. Keep it up!"

– Library Patron

Imaginative Programs

"The library is my favorite place to be."

– Library Patron

- We continue to strengthen our programs for older adults, offering enriching opportunities for learning, wellness, and connections. This year, more than 3,800 adults participated in 392 workshops, classes and field trips designed to support cognitive health and social engagement for our 55+ community. Both in-library events and community outings highlight our role as a welcoming organization that fosters belonging and combats loneliness. We remain dedicated to expanding programs that promote well-being and empower older adults to stay curious, connected and thriving.

"I'm recently retired, and the many library activities have helped me try new things and meet lots of nice people."

– Library Patron

"Your summer challenge (with prizes!) motivated my 8-year-old granddaughter to learn to read, and by the time school started, she had caught up with her class and was a voracious book lover!"

– Library Patron

- Last summer, we launched My Summer Adventure, a learning initiative that invited residents to explore, learn and create through more than 650 events. Participants used custom journals, featuring artwork by local author and illustrator Shawn Harris, to record their adventures, from park visits and bike rides to creative projects and much more. We celebrated our summer adventures with limited-edition library cards, tote bags, pins and stickers also designed by Harris. Youth participants had the chance to win a \$1,000 college scholarship or a County Parks pass to keep the adventure going.

"Reading opens up a world of possibilities and knowledge."

– Library Patron

- Adult Learning has welcomed over 1,500 community members through a growing list of classes and workshops. Compared to last year, we've expanded our English classes to unincorporated areas of the county and online. We've added new computer classes, initiated numeracy literacy, established digital literacy partnerships, and increased our citizenship and immigration support offerings.

"Volunteering has been such a delightful experience, as I am privileged to be a part of an organization that not only helps our members with their English-speaking skills but also cultivates in them a sense of friendship and community."

– Library Volunteer

- Literacy remains at the heart of our vision to build a strong foundation for a healthy, thriving community. This year, we launched Dolly Parton's Imagination Library, an early literacy program made possible with the generous support of the Foundation and our Friends groups. Through this program, families with children ages 0–5 receive a new book each month, helping to build rich home libraries and inspire a lifelong love of reading. Since launching in August 2024, we have registered 5,675 children and mailed 14,732 books.

- We added video games and consoles to our library collections. Patrons can now check out a variety of games and game consoles. This new collection offers a fun and affordable way for our community to explore stories, build connections and improve problem-solving skills. Video games can also help build literacy, critical thinking, and social skills, making them a great addition to our libraries. Over 4,000 games have been checked out.
- Fixit Clinics are a regular maker offering, with quarterly events held across our libraries. These workshops invite neighbors to bring in broken items for disassembly and repair alongside our volunteer Fixit Coaches. Involving attendees in the fixing process empowers them to learn by doing and promotes sustainability by nurturing a culture of reducing waste.

"Wonderful place to learn new skills and make new friends."

– Library Patron

Transformative Spaces

- In July, we unveiled our first Library Outpost in Pacifica. Located at the Sanchez Library, this new service offers 24/7 access to materials, curated and refreshed regularly to reflect community interests. With sustainable outdoor seating and free WiFi, the space invites neighbors to read, relax, and connect any time of day. Since its opening, the Library Outpost has seen strong engagement, with over 5,000 items circulated in the first three quarters of this fiscal year, highlighting the community's enthusiasm for this new service.

"It has all the books of my choice. They also help immediately and give recommendations."
– Library Patron

- Working closely with the city, we have temporarily closed the Belmont Library for an exciting refresh. Improvements include new interior and exterior painting, new flooring, upgraded shelving and furniture, and enhanced meeting room technology. Additionally, with support from the Friends of the Belmont Library, the makerspace will be completed to better support creativity and hands-on learning. We're excited for these updates to support us continuing to meet the evolving needs of the community.

"The libraries have been a gift for my kids."
– Library Patron

- We are excited to have final plans for a new children's play garden at the Atherton Library, developed in partnership with the Town and Miller Company landscape architects. Shaped by community engagement and input from the Friends of the Atherton Library, the 6,500-square-foot space will spark imagination and play through natural design elements like a whimsical willow hut, boulder mound, log tunnel and an accessible treehouse. The Atherton Town Council approved the final design and cost plans in early 2025.

- In partnership with the City and Friends of the San Carlos Library, design plans for a new makerspace on the second floor of the library have been completed. The makerspace will be a vibrant hub for creativity featuring a large creative work area and cutting-edge technology. Collaboration will be encouraged through cozy lounge areas, a writable wall and a digital screen for brainstorming and instruction. The project is currently moving into construction planning and permitting.

"I love going to makerspaces! I bring my mom to do crafts and reading. Sewing and 3D printing, plus laser printing! So much fun and so many things to learn."
– Library Patron

- Excitement continues to build for a new East Palo Alto Library. Noll & Tam Architects, has worked closely with the community, library and city to create an exciting two-story design. The result is an inspiring design that reflects the community's vision for a vibrant, inclusive space. The City Council approved the updated design and cost estimate, marking a major milestone in the journey toward a more modern, welcoming library for everyone.

"I am grateful for the meeting room spaces in our libraries with WiFi availability when network connectivity at home is broken or while I travel."
– Library Patron

- San Mateo County Libraries is updating technology in meeting spaces at all libraries. Public meeting spaces at Belmont, Half Moon Bay, Millbrae, and the Administration building will be completed this fiscal year. Improvements include upgraded interactive displays and microphones in large meeting rooms enhancing patron engagement in virtual meetings and presentations. Small study rooms will be equipped with new displays, facilitating collaborative online study sessions and access to digital library resources like homework help services. This investment will improve accessibility and the diverse patron needs of both individual and group work.

"Absolutely amazing staff and facilities. So supportive of students and community members."
– Library Patron

Fostering Wellness

"The library is a multi-faceted resource in our community"
– Library Champion

- This year, we introduced blood pressure monitor kits to our collection, now available for checkout at all library locations. These easy-to-use kits provide adults with a convenient way to check and track their blood pressure at home. Launched as a pilot program, this new offering reflects our ongoing commitment to supporting community wellness. By providing accessible health tools and resources, we're helping individuals and families stay informed, monitor their well-being, and take simple steps toward better health.

- We partnered with local urban forestry nonprofit Canopy to bring hands-on, climate-focused events to our community. Together, we hosted bilingual gardening workshops, tree walks, climate justice presentations and listening sessions led by local environmental experts. These programs invited community members to step outside and explore green spaces, while gaining valuable knowledge on how to protect our environment. Participants strengthened their connection to nature, each other, and the place they call home.

- Library spaces, programs, and community outreach continue to flourish thanks to the support of our dedicated volunteers, whom we proudly celebrated during National Volunteer Week for the many ways they help our libraries grow and thrive. Since the start of the fiscal year, we have welcomed 105 new volunteers and seen an increase in both total volunteer hours and active participants. From July 2024 through March 2025, 461 volunteers contributed 17,123 hours of service.

"A real hub for the community, it offers many engaging activities for people of all ages."
– Library Patron

- Our Library Champions are at the heart of what we do and we are committed to their growth and wellbeing. As of March, staff had completed more than 2,300 hours of training in areas ranging from Mental Health First Aid to customer service and AI. Nearly 200 staff joined our annual Staff Development Day to shape our Strategic Plan, celebrate each other, connect through fun activities, and team building. In this year's county-wide employee engagement survey staff shared that they feel proud to work here, value the relationships they have with their teams and believe in the quality of service we provide to our communities. Participation in the survey rose by over 50%, earning recognition from the County Engagement Committee as having one of the most improved year-over-year response rates County-wide.

- We were honored to be recognized as a Top Innovator by the Urban Libraries Council for our efforts to prevent domestic violence before it begins. The award highlighted our pioneering partnership with the nonprofit Community Overcoming Relationship Abuse (CORA). Through this partnership, we delivered an eight-week program that helped 250 families with young children build strong, healthy relationships. By focusing on prevention and care, we connected families to vital resources including food, diapers and parenting support, helping to strengthen bonds and build safer communities.

"The amount of resources provided to all members of our community and across the county, the way we are able to reach and include everyone... these employees go above and beyond. They include and support everyone regardless of race, gender, disability, home status, financial status—someone is there to help you... Thank you for all you do!"
– Library Patron

Performance

Our careful data collection gives us the opportunity to evaluate our accomplishments and growth points in measurable ways.

Performance

Library Visits

We have welcomed a growing number of library visitors, with over 1.3 million visits across all community libraries in the first three quarters of this fiscal year. Visitors are 5% higher than at this point last fiscal year. By year-end, we anticipate reaching 81% of FY 2018-19 visitors.

While it is useful to have FY 2018-19 as a reference point for service levels before the pandemic, as we continue to move forward, it is also important to recognize that the makeup and needs of our community have also shifted. For example, our service area population has declined 4% since FY 2018-19, and we continue to see a growing demand for digital services and engagement outside of our library spaces.

We continue to offer dynamic experiences to draw patrons through our doors, including Power Up Afternoons, FixIt Clinics, storytimes, technology classes, and expanded offerings for residents 55 and over. In addition, through a robust Public Awareness Campaign, we are actively working to increase community awareness of our services.

Programs and Events

Library program attendance has seen a strong return to nearly pre-pandemic levels. By year-end, we anticipate reaching 96% of FY 2018-19 attendance. As of the end of March, 153,988 people have attended our programs.

We continue to offer a growing number of diverse programs. Staff have organized 6,939 programs so far this year, 16% have been offered in languages other than English, including Spanish, Mandarin, Cantonese, Hindi, and Tagalog. Our most popular program so far this year was a virtual author event with Raul the Third with 3,550 attendees.

Library Champions have also continued to increase engagement through intentional outreach outside of library spaces. Through 1,326 outreach events, we have interacted with around 67,497 community members this year, a 5% increase over last fiscal year.

Staff have shared library resources and meaningful experiences at schools, public events, and through Makermobile and Bookmobile visits—bringing learning, creativity, and connection into the heart of the community.

Circulation

Library users have checked out over 1.8 million items from our physical collection as of the end of March, which is at a similar level to this point last fiscal year. We anticipate reaching 86% of FY 2018-19 circulation levels by the end of the year.

Circulation of physical world language materials continues to be a key system priority. We have worked to expand both the variety of materials available across all libraries and the number of languages represented, which now includes Spanish, Chinese, Japanese, Korean, Hindi, Tagalog, and Russian.

Our Library of Things collection, with offerings from puzzles to ukeleles to karaoke machines, continues to be popular. The community was particularly excited by the launch of video game collections in September. Patrons can now choose from over 500 videos games and 40 gaming consoles. These new materials have already exceeded 4,000 circulations.

"Staff is wonderful and helpful. Love the access to so many wonderful things!"
– Library Patron

Digital Circulation

Digital materials are more popular than ever, and we're on track for another record-setting year—projected to reach the highest circulation since tracking began in FY 2015-16. With 825,256 digital checkouts of resources like eBooks, audiobooks, movies, and music so far, usage is up 21% compared to the same point last fiscal year.

Digital circulation on OverDrive, one of our most utilized digital content providers, has risen 25% over this point last fiscal year and 188% since FY 2018-19, demonstrating the strong and sustained growth in demand for these services.

Patrons also have access to a wide variety of digital databases that are available without a loan period or wait time. Through one of our most popular digital databases, PressReader, patrons have opened 236,916 newspaper and magazine articles so far this year, which is 124% higher than at this time last fiscal year. Kono Magazine, which provides digital magazines in Japanese, Chinese, Korean, and more, has been used 31,026 times.

Technology Access

We continue to see a return to the use of Internet access within library spaces. Library visitors have logged nearly 88,000 hours on library computers so far this year, up 13% from the same period in FY 2023-24.

Unique WiFi users as of March are up 20% over last year. This year we have also updated the wireless access points in all of our libraries, enhancing the patron experience and providing better, more reliable Internet access.

Mobile WiFi remains one of our most in-demand services, with 13,243 checkouts of hotspots and laptops with hotspots so far this fiscal year. We have also expanded the number of WiFi hotspots available for use by 22% and now have 2,700 devices available for checkout, enhancing connectivity for our community. In addition, we are working to upgrade many of our WiFi hotspots to a 5G network, delivering faster and more reliable service.

“What a friendly place with good staff and programs, very spacious, plenty of computers.”
– Library Patron

Library Champions

Library staff are at the core of everything we do. Over the last several years, thanks to the continued strong growth in property taxes, we have been able to add more permanent library staff to support expanding services and community needs. Currently, we have 156 permanent employees. We remain committed to growth and development, with 23 staff promotions so far this year.

This year 263 permanent and part-time staff participated in an employee engagement survey. We were excited to see that 93% of staff reported that they are proud of and enjoy their work and 86% reported that they think of their work as more than just a job. The amazing services and experiences we provide would not be possible without their commitment.

As of the end of March, staff have provided exceptional service through 26,786 library hours, delivered dynamic in-library programs and outreach to community members, and answered 16,103 Customer Care calls. Volunteers continue to offer incredible support and enrichment in our library spaces, with 17,123 volunteer hours logged through the end of March.

Recommended Budget

Our annual budget provides insights into our financial plans, operations guide and communication strategies.

Budget Background

The annual budget details the operations, projects, and initiatives for San Mateo County Libraries and distributes resources designed to meet performance and service objectives. Input is sought from stakeholders in order to respond to community needs and optimize resources with the goal of providing meaningful services.

The budget is prepared on the modified accrual basis of accounting in which revenue is recognized when it is both measurable and available, and expenditures are recorded when they are incurred. Total expenditures may not exceed the budgeted expenditures, and the budget lapses at the end of each fiscal year. The fiscal year begins July 1 and ends June 30.

Approval of the annual budget is the responsibility of the Library JPA Governing Board. The budget is legally enacted through passage of a motion during a Board meeting, followed by acceptance by the San Mateo County Board of Supervisors.

Following the completion of our new Strategic Plan 2025-30, the Recommended Budget works to set priorities and provide allocations responsive to the feedback and input we received during our community engagement efforts. The Recommended Budget also continues to reflect many of the investments made in recent years to increase and expand our services and programs.

FY 2025-26 Priorities

The following priorities will be continued and implemented this year:

- Implement our new strategic plan and respond to the priorities identified through community and stakeholder outreach and engagement efforts.
- Reach more community members through intentional outreach and marketing efforts.
- Prioritize cultural programming in our libraries to ensure everyone feels welcome and represented in our spaces.
- Elevate adult and youth literacy efforts and develop responsive programs to empower and cultivate a community of learners.
- Establish new and deepen existing community partnerships to expand and enhance supportive services.
- Increase access to technology and hands-on learning to advance digital equity.
- Create and update libraries to include vibrant, welcoming spaces that inspire creativity, collaboration, and exploration.
- Develop and implement performance metrics and system targets to track progress and inform ongoing improvements.
- Support the well-being and growth of our library champions and amplify their talents.

Revenues Summary

Recommended Revenues total \$46.2 million. Our main source of revenue is derived from taxes (\$44.7 million). San Mateo County Libraries is entitled to receive a small portion of property taxes collected within the boundaries of our service area.

Revenue from secured property taxes (taxes assessed against real property) is estimated to increase to \$33.4 million. Revenue from unsecured taxes (taxes on aircraft and commercial equipment largely generated from businesses at San Francisco International Airport) is estimated at \$1.2 million.

Other sources of significant ongoing revenue include a projected \$1 million from the dissolution of redevelopment agencies (RDA), \$560,000 from taxes resulting from secured and unsecured Supplemental Assessments (taxes derived from properties that have changed ownership or have been reassessed due to new construction), and \$440,842 for a service agreement with Redwood City to support services at the North Fair Oaks Library.

Another significant revenue source is \$7.2 million in excess Educational Revenue Augmentation Funds. Excess ERAF is the amount of property tax generated in a year which exceeds the amount due to the State to offset support for education. The Recommended Budget adopts a new practice of allocating up to 50% of anticipated excess ERAF toward ongoing expenses.

Measure K funds in the amount of \$1.2 million are also budgeted to support The Big Lift Summer Program and Raising a Reader.

FY 2025-26 Budgeted Revenue

Property Tax Revenue in Millions

Excess ERAF in Millions

Expenditures Summary

Recommended Expenditures total \$54.3 million. Salaries and Benefits are the largest contributor to costs, representing 54% of all expenditures. All San Mateo County Libraries staff are employees of the County of San Mateo. The Recommended Budget estimates labor costs of \$29.5 million. This estimate includes the cost-of-living adjustments included in current County labor agreements. The next increase of 5% for all employees goes into effect in October 2025.

Other significant operational expenses fall under Services and Supplies at \$19.4 million and include \$4.2 million for library collections; \$3.5 million for furniture replacement and facility upgrades; \$2.8 million for computer equipment, software, and maintenance agreements; \$2.7 million to support library programs, including initiatives in the summer; \$1.9 million for services provided by the Peninsula Library System; and an estimated \$1.2 million in excess library property taxes.

Other Charges total \$4 million, including \$2.7 million for direct and indirect services provided by the County; \$800,000 to support a new makerspace at the San Carlos Library; and \$400,000 for the service agreement with Daly City to provide services to Colma and Broadmoor. Fixed Assets total \$1.3 million to fund equipment replacements, additional outreach vehicles, and privacy pods for our libraries. Other Financing Uses account for the remaining expenditures.

FY 2025-26 Budgeted Expenditures

Salaries and Benefits in Millions

Salaries and Benefits and Property Taxes in Millions

Reserves Summary

Recommended Operating and Capital Reserves total \$37.9 million. The Fund Balance Policy requires that Operating Reserves be maintained at 15% of adopted general operations (Net Appropriations excluding one-time activities). These funds are maintained in the event of emergencies or unanticipated funding losses. The Recommended Budget meets the requirement established for Operating Reserves by setting aside \$5.9 million for ongoing expenditures of \$39.1 million.

Additionally, the Fund Balance Policy requires us to maintain Capital Reserves in an amount equal to but not less than \$2.5 million. The Recommended Budget meets this requirement, setting aside \$32 million in Capital Reserves. These funds may be used for innovative opportunities related to operational improvements and asset replacement needs as approved by the Governing Board.

Capital Reserves are assigned to anticipated projects that are financially significant. Currently, \$16.2 million are assigned, including \$7 million for furniture, fixtures, and equipment (FF&E) for future new libraries in East Palo Alto (\$2.5 million), North Fair Oaks (\$1.5 million), and Pacifica (\$3 million). Future refinement of these assignments may occur to ensure sound fiscal management and responsiveness to evolving service needs.

Our strong reserves can be primarily attributed to the growth of excess ERAF revenue. The Governing Board previously authorized the use of excess ERAF for one-time purposes or to be set aside in reserves. Moving forward, a new practice of utilizing 50% of anticipated excess ERAF for ongoing purposes will allow us to more effectively utilize this funding source and reduce the accumulation of reserves.

Budget Highlights

Budget Highlights provide a summary of allocations for recommended major initiatives.

Library Staffing Support: \$1,250,979

To effectively respond to community feedback and our new strategic plan goals, nine new permanent positions are recommended.

The importance of continuing to build community partnerships and bolstering our efforts to engage harder to reach communities were key priorities identified from our strategic planning efforts. A new Library Services Manager to oversee these areas is recommended, along with three part-time Library Assistants, to increase our public services staff's capacity to support this important work.

Community members expressed a desire to feel at-home in our physical spaces. To better prioritize the enhancement and ongoing improvements of our spaces, the addition of one Facilities Project Coordinator and one Facilities Support Assistant are recommended.

A key priority in implementing our new strategic plan is ensuring that our Library Champions are supported and have the resources they need to grow and thrive. Two Program Coordinators are recommended to lead efforts in volunteer management, staff training, security and safety, and customer care. Finally, a Contract Administrator is recommended to provide procurement support for expanded services.

Makerspace Construction: \$1,046,000

Funds are allocated to design, construct, and furnish a new makerspace at the San Carlos Library. This includes an \$800,000 transfer to the City of San Carlos to support the construction of the innovative space, which will be housed on the second floor of the library.

Assets for Outreach: \$716,205

The Governing Board previously approved the purchase of a new Bookmobile at \$639,282. With tax, the final total is \$702,411. The Recommended Budget includes the final 50% payment of \$351,205. In addition, \$255,00 is rolled over from FY 2024-25 for five outreach vehicles that will arrive next fiscal year. Finally, \$110,00 is budgeted to purchase two cargo vans to support community engagement.

Privacy Pods: \$570,000

In response to community feedback desiring flexible spaces and more meeting rooms, the budget supports the purchase of six to eight additional privacy pods as well as allocations for design costs and electrical for installation.

Artificial Intelligence Applications: \$200,000

Funds are allocated to engage a consultant to assess the current Artificial Intelligence landscape and how other library systems are leveraging emerging technologies to improve services. Funds are also included to purchase and implement identified applications.

Digital Literacy Hubs: \$180,000

Through engagement efforts, we learned that community members, especially those that speak Spanish, desire more technology classes and support. The budget proposes establishing digital literacy hubs at library and community locations, in partnership with a service provider, to provide digital literacy services, with an emphasis on providing 40% of services in a language other than English.

Reading Tutoring & Homework Help: \$140,000

Focus groups with parents and Spanish speakers, revealed a strong desire for increased educational support. To address this need, funding is allocated to work in partnership with a service provider to establish reading tutoring as well as support for more general homework help.

Budget Overview

The Budget Overview highlights significant changes from the FY 2024-25 Adopted Budget to the FY 2025-26 Recommended Budget for both revenue (Total Sources) and expenditures (Total Requirements).

Total Sources

- 1000 - Taxes (\$41,084,616 to \$44,707,104): There is an increase of \$3,622,488 in this funding source due to an increase to secured property taxes to reflect recent actuals and estimates from the County and budgeting excess ERAF at the average amount received over the last five fiscal years. These additions are offset by the removal of County Measure K funds for the Summer Learning program.
- 1600 - Intergovernmental Revenues (\$768,510 to \$778,842): There is an increase of \$10,332 for the CPI increase to the annual contribution from the City of Redwood City to support operations at the North Fair Oaks Library.
- 2500 - Interfund Revenue (\$295,292 to \$316,378): There is an increase of \$21,086 to account for the County's reimbursement of rent and facility service charges for the East Palo Alto and North Fair Oaks Libraries.
- 333 - Fund Balance (\$47,309,462 to \$45,985,022): There is a decrease of \$1,324,440 in this funding source to align with mid-year estimates of year-end fund balance. Fund balance reflects the carry forward of reserves, unanticipated revenues, and unspent appropriations projected at the close of the current fiscal year. After June 30, a final reconciliation will be completed to account for actual revenue and expenditures, and final fund balance will be adjusted during September Revisions.

Total Requirements

- 4000 - Salaries and Benefits (\$26,619,890 to \$29,500,704): There is an increase of \$2,880,814 primarily due to County-negotiated labor agreements. All non-management permanent, extra help, and limited term employees are represented by the Service Employees International Union (SEIU). The current agreement with SEIU includes the following cost-of-living adjustments: 5% October 2025; and 4-5% October 2026. Management employees receive the same increases.

In addition, nine new positions are recommended, including two Program Coordinators; one Contract Administrator; one Facilities Project Coordinator, one Facilities Support Assistant, one Library Services Manager, and three part-time Library Assistants (\$1.3 million).

These new positions will bolster our ability to implement our new strategic plan goals by providing strategic leadership overseeing partnerships and outreach, supporting expanded projects and upkeep at library facilities, strengthening public service operations, and increasing our capacity to meet the growing demands in human resources and business operations.

There is sufficient ongoing revenue to support these positions due to the steady growth in property tax revenue over the past decade. The total number of library positions would increase to 165 and the total full-time equivalent (FTE) is 150. Extra help and limited term staff are not reflected in FTE or position count.

- 5000 - Services and Supplies (\$21,131,660 to \$19,414,090): There is an overall decrease of \$1,717,570 in this expenditure category. Significant changes and allocations include:

Collection allocations total \$4,202,000 (accounts 5931-5939) for print, language, audio, video, and digital library materials (e.g., eBooks, eAudiobooks, eMusic, and eVideos). The overall collections budget has increased by 66% since FY 2018-19, with the allocation for digital library materials specifically increasing by 86% over the same period, in alignment with the growth in demand for digital offerings.

Computer Equipment and Software (accounts 5212 and 5215) total \$2,702,247. This amount includes funds to service our WiFi hotspots, explore service applications for artificial intelligence, and to refresh and update equipment, including emergency backup power, public and staff laptops.

Furniture and Equipment costs total \$3,470,000 (account 5234), which includes \$2 million for adding air conditioning to our administrative building in collaboration with the County Department of Public Works. The remaining funds will be used to update shelving and interior and exterior furniture at community libraries.

Program Activities Expense total \$1,674,017 (account 5927) and support our wide-ranging programming and outreach efforts. We continue to expand our offerings, including new initiatives for teens, additional makerspace programming, and a variety of learning opportunities for English language learners. In response to our strategic plan survey findings, we will be making a concerted effort to expand the variety and quality of cultural programming in our library spaces.

The estimated excess library property taxes to be set aside in Library Trust accounts totals \$1,200,000 (account 5184). As outlined in the Library JPA Agreement 50:50 split provision, fifty% of any excess funds not set aside for approved uses by the Governing Board will be returned to the Library JPA.

Professional Contracts costs total \$1,458,000 (account 5858), which includes design and electrical services for installing privacy pods, contracts with community partners to provide social service supports, and a new allocation to develop digital literacy hubs in collaboration with an external service provider. This category also includes allocations for attorney and auditor services.

Peninsula Library System costs total \$1,920,325 (account 5875) and support services such as materials delivery, the shared online library catalog, and network management.

Current year allocations of \$418,742 for Donations and Friends Funded Services are removed (accounts 5198 & 5199). Any rollover realized at the end of the current fiscal year will be added during September Revisions.

- 6000 - Other Charges (\$3,069,788 to \$4,007,356): There is an overall increase of \$937,568 in this expenditure category, which reflects costs associated with services provided by the County, including HR, financial systems, building and vehicle maintenance, and liability insurance (accounts 6712-6821). It also captures payments to other agencies (account 6263), including \$400,000 to Daly City for services provided to residents of unincorporated Broadmoor and Colma. The increase is primarily due to budgeting \$800,000 as an anticipated transfer to the City of San Carlos to support the construction of a new makerspace.
- 7000 - Fixed Assets (\$1,645,557 to \$1,306,205): Fixed assets are tangible assets valued at \$5,000 or greater. There is an overall decrease of \$339,352 (account 7311). As outlined in the Library JPA Procurement Policy, estimated costs for individual fixed assets of \$200,001 or above are to be listed in the annual budget. If the actual cost once bid is 20% or more higher than originally estimated in the budget, JPA Governing Board pre-approval of the new cost will be required.

The only individual fixed asset that meets this threshold is the new Bookmobile. The Governing Board has previously approved the purchase of a new Bookmobile at \$639,282. With tax, the final total is \$702,411. The Recommended Budget includes the final 50% payment of \$351,205.

Other budgeted fixed assets include rolling over \$255,00 from FY 2024-25 for five new outreach vehicles. The vehicles have been ordered but will not arrive until next fiscal year. In addition, \$110,00 is budgeted to add two cargo vans to support community engagement.

Finally, \$250,000 is budgeted for automated material handling equipment and the purchase of additional smart returns, and \$340,000 is budgeted to purchase six to eight privacy pods to be installed at libraries.

- 8500 - Operating Reserves (\$5,100,464 to \$5,863,392): There is an increase of \$762,928 in Operating Reserves (account 8611) to meet the Library JPA Fund Balance Policy. As detailed in the policy, the balance of Operating Reserves represents 15% of Net Appropriations (less one-time items). Ongoing expenditures in the Recommended Budget total \$39,089,281. This contingency is maintained in the event of emergencies or unanticipated funding losses.
- 8700 - Capital Reserves (\$32,230,384 to \$32,029,751): There is a decrease of \$200,633 in Capital Reserves (account 8811) due to updating fund balance to reflect FY mid-year, year-end estimates and allocating fund balance to one-time activities. After year-end close, a final reconciliation will be completed to account for actual revenue and expenditures, which may result in adjustments to both fund balance and reserves during September Revisions. The current amount exceeds the Library JPA Fund Balance Policy requirement of maintaining a minimum of \$2,500,000 in Capital Reserves.

*FTE: A full-time equivalent position is equal to 2,080 hours a year (40 hours/week x 52 weeks). Extra Help and limited term staff are not reflected in the FTE nor Position Count (approximately 150 staff). Limited Term positions for next year include: 1 position to support adult literacy partnerships, 1 position to support public awareness efforts, and 1 position to implement emerging technology.
